# Fire Protection Budget Checklist

*Here are some things to keep in mind while budgeting for your fire protection systems!*

- All systems require inspection, testing, and maintenance:

- Annual inspections: fire pump, extinguishers, fire sprinklers, fire alarms, backflow prevention, emergency, and exit lights

- Monthly, quarterly, and semi-annual inspections and preventable maintenance are available

- When was your last 5 year internal investigation?

- When was the last time you reviewed your wireless fire alarm radio/monitoring systems?

- Are you planning any major upgrades or repairs to your life safety system?
